

DYLAN SPENCER

STUDENT | UTAH STATE UNIVERSITY
COMPUTER SCIENCE |

OBJECTIVE

A well rounded USU student with leadership, communication skills and knowledge in C, C++, Java, Python, HTLM, and CSS. Has worked on Django projects as well. Searching for job opportunities with programming or technology to gain more experience, or anything else to pay for school.

ABOUT ME

Dylan Spencer is a diligent, outgoing, and hardworking individual who would be a great asset to your organization. He has proved his hard work ethic through his academic achievements and past work experiences. He is dependable, and one of his core values is integrity, or doing the right and honest thing even when nobody is watching. Dylan loves to meet new people and work on a team to accomplish tasks and projects. He has worked +4 years involved with customer service, including in a call center and retail, and treats everyone with respect.
